Choose your fund designation below:

Send a Student to National Conference

This initiative's goal is to grow and develop medical student interest in family medicine by engaging students in pre- and post- conference MassAFP activities, as well as provide funds for travel, registration and expenses to attend the National Conference of Family Medicine Residents and Medical Students. This is in an effort to support Academy Workforce Development goals.

Undesignated

An undesignated gift is ideal for a donor who wishes to help the community of Family Medicine but does not want to choose a specific area. These funds allow flexibility for the Foundation's Board of Directors to award grants and designate dollars to help meet the most pressing needs of the Foundation in order to meet our strategic goals. The fund can be given in honor and give recognition to loved ones, if desired.
